3. Cleanliness awareness campaign & survey at medical college Kottayam – seven day camp “Suvarnam 2019”

Our students got divided into various groups and conducted a cleanliness awareness programme and survey in the adopted village and the nearby areas of Medical College. The results of survey were discussed by the students and survey report was prepared.

One of the most challenging and unparalleled efforts undertaken by the NSS Unit during the seven days camp organised at Mannanam during the first week of **September 2019**, was to conduct a cleanliness survey and awareness campaign in Ward No. VIII of Arppookkara Panchayat. A household survey was conducted by distribution of questionnaires. Guidelines regarding waste management and waste disposal were also given. As a part of this venture a cleanliness survey of Kottayam Medical College Hospital was also completed and a detailed survey report was prepared.

6. Revival of Chavarakkadavu

One of the most distinctive milestones achieved by NSS Unit of K E College, in collaboration with the NSS unit of St. Joseph's Training College Mannanam, during the year 2019 was the revival of Old Mannanam Palli Jetty which was discarded and was deteriorating in the recent past and the reintroduction of boat service there. The so called Palli Jetty situated at Pennarathodu is a place of great historical interest and importance. It is here that St.Kuriakose Elias Chavara arrived in the year 1831 with an aim to build an Aashram at Mannanam, using waterways, one of the popular modes of transport in those times. The tedious task of cleaning and renovation of 'Palli Jetty' was initiated under the leadership of NSS programme officers of both the institutions, on 12th October 2019.

To start with, cleaning of Pennarathodu, which was clogged and stagnant with waterweeds, was undertaken by the NSS Volunteers and neighbourhood community on fourth Saturdays, of every month, from October 2019 to December 2019. By January 2020 the venture was successfully completed with the Jetty ready for boat service. As a tribute to Saint Kuriakose Elias, on 3rd January 2020, on his feast day, the Palli jetty was formally inaugurated and renamed as "Chavara Kadavu" and about 70 people, including NSS Volunteers and Programme Officers, took part in a delightful journey from Chavara Kadavu to Alphonsa Bhavan,

7. Kareemadam Government School ‘SRAMADHANAM’

One of the saddest events Kerala witnessed during the year 2019 was the death of a school girl at Wayanadu due to snake bite inside her own classroom. Following this, on 23rd November 2019, Malayala Manorama published a letter of the school leader of Kareemadam Government Welfare U.P School near Kumarakom, Kottayam in which the girl lamented about their unclean school premises filled with thick weeds and the fear of having snakes there. Pursuant to this news report, NSS Volunteers of K.E College Mannanam decided to take up the challenge of immediate cleaning of their school compound. On **15th December 2019**, 28 NSS Volunteers along with the NSS Programme officers reached the school, ferried by boat from Kumarakom and the school premises were cleaned with great support from the students, school authorities, PTA members and local body members, which was a wonderful experience for the entire team.

17. REACH OUT PROGRAMME

The Reach Out Programme by Jesus Youth students from **15th to 20th August 2019** was a significant endeavor that fulfilled its mission of knowing rural India. By living and working among the rural and slum communities of Coimbatore, the students gained invaluable insights into the lives of the marginalized and downtrodden. This experience not only broadened their perspectives but also strengthened their faith and commitment to social justice. The programme stands as a testament to the power of empathy, service, and the enduring presence of God in acts of compassion.

For five days, the group of ten students lived within the rural and slum areas of Coimbatore. Staying in simple, local housing to experience the living conditions of the community and engaging in daily activities such as fetching water, cooking, and participating in community events were great experience for the group. The students spent significant time interacting with the community members to understand their lives better. Key activities included: Conducting informal interviews and discussions with villagers and slum dwellers to learn about their experiences, struggles, and aspirations. In addition to learning, the students actively contributed to the community through various service activities:

Educational Support: Assisting children with their studies and organizing educational activities. Health Camps: Collaborating with local health workers to conduct health camps and

awareness sessions. Community Clean-Up: Participating in clean-up drives to improve the living environment of the slum areas.

The Reach Out Programme was a profound learning experience for the students. They gained a deeper understanding of the hardships faced by marginalized communities and the resilience they display. They also had an enriched spiritual experience by witnessing and experiencing God's presence in acts of service and compassion.
