Alumni Minutes

Alumni Association Minutes

Alumni association minutes are the official records of meetings, discussions, and decisions made by the association. These records provide a detailed and accurate account of the proceedings, including attendance, agenda, motions, and resolutions. They serve as an essential tool for tracking progress, ensuring accountability, and facilitating communication among members, and institutional stakeholders. These minutes typically include information on event planning, budgetary decisions, committee reports, and election results, offering a comprehensive overview of the association's activities and initiatives. By maintaining accurate and up-to-date minutes, the alumni association promotes transparency, continuity, and effective governance, all of which supports its mission to serve and engage its members.

ALUMNI ASSOCIATION

The alumni associations of K.E. College, Mannanam at the department level have been functioning quite effectively over the last so many years. Almost every department has got its own Alumni association. And the gathering of the alumni takes place at regular and frequent intervals. But the NAAC evaluation criteria explicitly stipulate the requirement of a general Alumni Association at the college level. So the College IQAC team has decided to constitute K.E. College Alumni Association from the academic year 2018-19 onwards.

The purpose of creating this new group is to bring together the alumni of all departments of KE college under one umbrella. The Principal of the College will be the President of the newly formed association and Ms. Jollyamma Mathew, HOD Chemistry Department will be the faculty co-ordinator. One faculty member from each department will serve as joint co-ordinator. The members of this WhatsApp group will also include two alumni representatives from each department.
